Personal Skills

Systems thinking
Precision communication
High-stakes decision-making
Influence without authority
Python, C++
Circuit Simulation
project management

Major Achievements

- Bybit Africa Visionary Students Award Top 5 Finalist 2025
- Haramaya university top 3 innovations of the year(2025 ANC)

Personal Summary

Electrical and Computer Engineering student with 4 years of technical maintenance experience and a proven track record of scaling digital platforms to 98k+ users, Strong in disciplined problem solving, independent execution, and technical communication. Proven ability to operate in resource-constrained environments and deliver reliable results.

Education

Haramaya University- B.Sc. in Electrical and Computer Engineering
Expected Graduation.....2028
Digitalization in aerospace-technical university of Munich (coursera)
Artificial intelligence with PythonHarvard online (EDX)

Work Experience

Qesem Academy (2025–Present): Managed, curated, and published daily educational content across multiple disciplines on Telegram for an audience of 98,000+ highschool & university students.

Worked in my own electronics sales and maintenance shop for four years, (business operations + hardware diagnostics and component-level maintenance)

Interests

Embedded system programming
Aerospace engineering applications
Scientific and technical writing
Signal processing and circuit design
